MESSAGE FROM THE SELECTMEN

Dear Citizens of Georgetown

The Town had a relatively quiet year with the tax rate staying relatively low at 7.10 for the second year. The town continues to evaluate all tree growth parcels when the applications come up for renewal using a new standardized process started last year.

The work on the road project continues, and is near completion and the loans voted at town meeting are starting to get paid down.

We have seen several town committees start on various projects to benefit the residents of Georgetown. The Conservation Commission, Shellfish Committee and the Kennebec Estuary Land Trust have partnered on a Water Resources project. The Shellfish Committee entered in to a Conservation Closure project to evaluate the merits of a seeding and farming project, with scientific studies of different methods of seeding, in hopes of increasing the overall harvest for all residents. The Conservation Commission continues with a project begun years ago utilizing college students to do well water testing at various sites around town.

The school has upgraded the security of the facility as a result of the unfortunate events we have seen happen at other school throughout the state and the nation.

The Town continues to evaluate all of the Town's ordinances, and the many changes imposed by the State of Maine. We are working with our Town attorneys, Brann and Isaacson, to review the ordinances and make sure they are in compliance with the State law, and that the ordinances do not conflict with one another when multiple ordinances are applied in the same situation.

The bell from the Perkins Island Light at the Town office and School building is in the process of having the stand restored, and will stand for many more years in the new support structure.

We had some people retire this year. Bob Trabona retired at the end of the year as the Code Enforcement Officer and Licensed Plumbing Inspector, and Jason Lang, the assistant Code Enforcement Officer will move into the role upon Bob's retirement. Claire Darrow retired after being the gallery director for the Town Office and we continue to look for a replacement for her.

The recurring theme throughout these notes from the Selectmen is the constant effort of all the residents of Georgetown to give back to their town, whether from being on a committee, volunteering their time to help on other projects, or attending some of the many events put on in this wonderful community. We thank you all for being on committees, for helping out and looking out for your neighbors and for being the heart, and the soul of Georgetown.

Respectfully Submitted,
Geoffrey Birdsall

SPECIAL COMMITTEE
ON AGING,
RANKING MEMBER
APPROPRIATIONS
SELECT COMMITTEE
ON INTELLIGENCE

Dear Friends:

It is a privilege to represent Maine in the U.S. Senate, and I welcome this opportunity to share some of my work from the past year.

Encouraging the creation of more jobs remains my top priority. I have developed a Seven Point Plan for Jobs in Maine, which includes proposals to spur small business investment, ensure robust workforce education and training, reduce regulatory red tape that stifles job creation, support Maine agriculture and manufacturing, and invest in the infrastructure needed to expand our economy. Traditional industries and small businesses remain the backbone of Maine's economy, and innovation will be important for future jobs as well. I have supported Maine's effort to lead the world in deepwater wind technology and was proud when the University of Maine and its private sector partners launched the first prototype this year. This emerging industry has the potential to create thousands of good jobs here in Maine.

BIW remains a major Maine employer and is critical to our national security. I have worked hard to support the Navy's request for a 10th DDG-51 and to continue construction on the DDG-1000s at the shipyard. This year's annual defense policy bill also contains more than 30 provisions to eliminate sexual assault from our military, including several provisions that I authored.

Partisan divisiveness in Washington continues to prevent us from addressing some of our nation's most serious challenges. Gridlock reached a peak in October with the federal government shutdown that pushed our country to the brink of defaulting on its financial obligations and damaged our economy. As the shutdown continued with no end in sight, I presented a proposal I believed both sides could support. Within days, I was leading a bipartisan coalition of 14 Senators that worked night and day to craft a plan to reopen government, avert default, and restart negotiations on a long-term plan to deal with our nation's unsustainable debt of more than \$17 trillion. Known as the "Common Sense Caucus," we will continue to work to develop solutions and bridge the partisan divide.

Earlier this year, across-the-board federal spending cuts known as "sequestration" took effect. These indiscriminate cuts jeopardized priorities from national security to medical research and stand in stark contrast to the thoughtful and thoroughly debated spending priorities set at town meetings throughout Maine. To bring some Maine common sense to this process, I authored bipartisan legislation to allow federal agencies to set priorities in administering the required cuts and wrote a new law to ensure that sequestration would not disrupt air travel, which plays such an important role in fueling Maine's tourism economy.

I have also enjoyed my work as the ranking member of the Senate Special Committee on Aging where, with Senator Bill Nelson of Florida, we work on issues of critical importance to Maine seniors. The committee has created a toll free hotline (1-855-303-9470) to make it easier for senior citizens to report fraud and scams and to receive assistance. I also serve as the Senate Co-Chair of the task force on Alzheimer's, a devastating disease that takes a tremendous personal and economic toll on more than five million Americans. Better treatment for Alzheimer's and ultimately finding a cure should be an urgent national priority.

Finally, I am proud to reflect our famous Maine work ethic by completing another year of service without missing a single roll call vote. I have not missed a vote since I was elected – a streak that stands at more than 5,300 in a row.

May 2014 be a good year for you, your community, and our great State of Maine.

Sincerely,

Susan M. Collins

Town of Georgetown

Dear Friends,

As I begin my service as your new Senator, I wanted to report to you on my first days in Washington. I have been assigned to four committees: Armed Services, Budget, Intelligence, and Rules. These appointments provide a great opportunity for me to take important and substantial action on behalf of Maine.

My position on the Armed Services Committee will allow me to honor our obligations to servicemen and veterans, as well as ensure the strength, efficiency, and sustainability of our military. Serving on the Intelligence Committee will similarly allow me to help guarantee the continued safety of all Americans. Our intelligence community plays a pivotal role in identifying and understanding security threats around the world, and I welcome the chance to engage in this vital process.

Without question, the expanding federal debt must be addressed in a significant and timely manner. Our federal government's systems of revenue and spending are out of balance; we cannot continue to spend beyond our means and pass on debt to future generations. As a new member of the Budget Committee, I will work to ensure that necessary spending is tempered with fiscal responsibility. There is no single solution to this multi-faceted problem, and any realistic budget plan must include both increased revenues and decreased spending.

And finally, one of the most pressing issues that we face is the inability of Congress to get things done. Our Government has been slowed by bitter partisan gridlock, and this level of inaction is inexcusable. From my position on the Rules Committee, I intend to push for procedural reforms – including changes to the filibuster and requiring the disclosure of all political campaign donors. Our citizens deserve to know who is funding the outside expenditures that are now such a big part of political campaigns, even here in Maine.

Please remember that your individual perspectives are critical in helping me represent the diverse interests of Maine. Do not hesitate to share any thoughts, questions, or concerns that you may have. You can visit my website at <http://www.king.senate.gov> and provide your input there, or call my Washington office at (202) 224-5344. I also encourage you to visit or contact any of my

United States Senate

six state offices, which are listed on the website. Finally, you can keep in touch with me on Facebook at <https://www.facebook.com/SenatorAngusSKingJr>.

Again, I appreciate this opportunity to let you know what I am working on; in all of these matters, I am determined to be a strong voice for the people of Maine.

CONGRESS OF THE UNITED STATES
1ST DISTRICT, MAINE

Dear Friend,

I hope this letter finds you and your family well. It is an honor to represent you in Congress and a pleasure to update you on the work I am doing in Maine and Washington.

You are probably aware that Washington is a very challenging place to get anything done these days. The partisan climate has kept many important issues from being addressed and even led to a shutdown of the federal government. Worst of all, it has created uncertainty for Maine families and the economy. It's the last thing we need. Over the next year, I will continue pressing Congressional leaders to bring the focus back to helping people rather than advancing ideologies.

As difficult as it's been, though, there are areas where I have been able to make progress on needed policy reforms. One has been support for local food producers. For decades now, federal agriculture policy has only benefited huge farms and commodity crops, not the kind of the diverse family farms we have in Maine. It's time for that to change. With small federal changes, we can capitalize on the huge economic potential of the local food movement. I've introduced the Local Farms, Food, and Jobs Act to make some of those changes, and have been pleased to see many of these reforms gain bipartisan support.

Another issue is helping veterans who were sexually assaulted during their service. I've introduced the Ruth Moore Act—named after a Maine veteran who struggled for 23 years to get disability benefits from the Department of Veterans Affairs after she was sexually assaulted while in the military. The bill would help veterans like Ruth get the assistance they need to recover from the debilitating trauma they suffered while serving the country. The bill passed the House and now awaits consideration in the Senate.

While policy in Washington is important, so is the work my staff and I do here in Maine. My office keeps close connections to Maine communities and their leaders to make sure we're doing all we can to help them succeed. This work might include providing letters of support for federal grant applications, getting answers from federal agencies, or bringing national officials to our state to raise awareness about the good things being done here.

We also work with hundreds of constituents who have issues with federal agencies and programs. Not everyone knows that you can call your Member of Congress for this kind of thing, but it's an essential part of my responsibilities and my commitment to the people I serve. Members of my staff are experts on issues ranging from veterans benefits and IRS questions to Social Security problems and passport inquiries. They can help you navigate the process, communicate with federal agencies, and, in certain circumstances, facilitate the expediting of claims. If there is an area where you need assistance, I encourage you to call my Portland office at (207) 774-5019 or go to my website, www.pingree.house.gov.

Again, it's a privilege to serve you in Congress. Please stay in touch.

Dear Residents of Georgetown,

It is an honor and privilege to serve as your Senator in the Maine State Legislature. This year is the second year of the 126th Legislature and we are constitutionally limited to considering carried over legislation from the previous session, emergency matters, and legislation submitted by the Governor.

Even with these limitations we have over 300 pieces of legislation to consider before the statutory deadline in April. The legislature will consider four bills I sponsored to expand the Maine Apprenticeship program, increase access to dental care for children eligible for MaineCare, and promote solar energy in Maine. I know the citizens of Georgetown have invested heavily in the education of your children and your school which is why I am proud to sponsor a bill developed by my predecessor, Seth Goodall, to establish universal voluntary pre-Kindergarten in Maine.

This session I will serve as the Senate Chair of the Agriculture, Conservation, and Forestry Committee, as well as on the Joint Select Committee on Maine's Workforce and Economic Future. In these roles and as your voice in the Legislature, I continue to advocate for government that serves Maine people well and meets the needs of our region. Though we face substantive challenges, we live in a place with great natural resources, a highly regarded work ethic, and a strong sense of community. If we all work together, I am confident about a better future for our children and grandchildren.

If I can be of assistance, please do not hesitate to contact me with questions, comments, concerns. You can reach me through email at Eloise.Vitelli@gmail.com or at my office at 287-1515.

Best regards,

Senator Eloise Vitelli

MESSAGE TO THE CITIZENS OF GEORGETOWN

Dear Neighbors:

It continues to be an honor to serve as your state representative during the second session of the 126th Maine State Legislature. As your voice in Augusta, I continue to work for more economic opportunities for the people in the communities I serve and to ensure that our schools, public infrastructure and natural resources are sustained and protected in these very difficult times.

As House chair of the Legislature's Joint Standing Committee on Education and Cultural Affairs, strengthening the education of Maine's children is a top priority for me. I am looking forward to working with my colleagues on both sides of the aisle to ensure that we do just that.

Last session, the Legislature was successful in passing a bipartisan compromise budget that reduced LePage's cuts to local communities and Maine's schools. Due to the hard work of the Appropriations and Financial Affairs Committee, we were able to prevent a massive property tax hike on to communities and their residents.

The budget restores \$125 million in cuts to revenue sharing, replaces the Circuit Breaker cuts with a \$29 million property tax fairness credit and restores \$9 million in cuts to the Homestead Tax Credit. It also restores \$32 million in cuts to Maine's schools.

We passed a workforce development measure. With more than 50,000 Mainers currently unemployed or underemployed and 4,000 jobs left unfilled because the skills of our workforce do not align with the needs of employers, something needed to be done.

I continue to work to lower Maine's energy costs and to assure that clean energy projects do not have any negative impacts on our fisheries.

Please feel free to contact me with any questions or concerns or if you need assistance with state government. I can be reached by email at bmacdon@roadrunner.com or by phone either at home (633-0570) or at the State House (1-800-423-2900).

Once again, I am honored and grateful for the opportunity to serve you.

Sincerely,

Bruce MacDonald

COUNTY OF SAGADAHOC

COMMISSIONER CAROL A. GROSE

District 2 – Bowdoinham, Georgetown, Phippsburg, Richmond & Woolwich

Citizens of Georgetown,

It has been my honor to continue serving the citizens of Georgetown as a Sagadahoc County Commissioner. After completing five years on the Board, I remain totally committed to insuring that the services provided by the County are delivered in the most cost effective and professional way possible.

As we move forward in this challenging economic climate, which is accentuated by more proposed cuts in state revenue sharing, the Commissioners remain acutely aware of the impact the County tax assessment has on Sagadahoc municipalities and remain committed to minimizing increases as we enter into the FY 2014-15 budget process. Unfortunately, however, our reserves cannot continue to subsidize the increases in operating and capital costs that we have experienced over the past several years and we must try to find other savings to reduce the impact on our citizens.

During 2013, the County's many activities and accomplishments included the following: **Administration** oversaw renovations to the administrative building that will result in significant energy savings. In addition, the County converted to TRIO financial software, which provides much more flexibility in terms of training and future staffing. **Probate Court** processed 217 new filings and 314 passport requests and continued to back-scan its records into an electronic database; **Deeds** continued its efforts to make all deeds, plans and surveys available for viewing at sagadahocdeedsme.com; **Emergency Management Agency** planned and implemented regional training, assisted local EMA Directors and community officials in meeting federal emergency preparedness requirements, obtained a number of public safety grants, and worked closely with area emergency responders and public health agencies including the **Sagadahoc County Board of Health**; the **Communications Center** filled all departmental vacancies during the past year and also made upgrades to improve communications between towers.

In 2013, the **Sheriff's Office** saw a slight decrease of approximately 0.5% in the number of calls when compared with 2012, from 5,576 to 5,547. The **District Attorney's Office** continued to handle a high volume of court cases. The **Patrol Division** and **Detective Divisions** were brought up to full staffing levels, which The S.O. continues to work collaboratively with various task forces to solve our most serious crimes. The **Transport Division** handled 876 transports last year and continued to monitor inmates on home release. The community public works program resulted in the performance of 2,500 hours of labor in Sagadahoc County. The **Civil Division** continues to serve orders and writs in a consistently professional manner.

Sheriff Merry and Commissioner Dawson were named by the legislature to serve on a special task force that was established to make recommendations concerning the funding crisis within the unified jail system. In addition, we worked closely with Lincoln County to seek legislation to address debt service inequities and to educate our legislative delegations on this matter.

In order that I may represent constituents effectively, it is important that I am aware of your questions and concerns. Please do not hesitate to contact me at 319-5290. And I encourage interested persons to attend Board of Commissioners' meetings, which are held at 3:00 p.m. on the second Tuesday of each month and 5:00 p.m. on the fourth Tuesday (if needed), in the Commissioners' Meeting Room of the County Courthouse, 752 High Street, Bath, Me. (For details, call 443-8202.)

The Town Clerk called the Meeting to order at 7:01 PM, read the greeting from the Warrant, and moved the Meeting to its first order of business: Article 1.

Article 1: Andrew Roth-Wells was elected Moderator by 3 ballot votes to preside at the Meeting.

Article 2: Mary McDonald was given the floor to provide background information on Article 2 as to the need for ratifying votes taken at 2008-2009 and 2009-2010 Town Meetings for the Road Paving Project and for other related actions, as stated in the Article.

Article 2 was Passed unanimously by the Meeting.

The Meeting was adjourned at 7:08 PM.

Respectfully submitted,

TOWN MEETING MINUTES

JUNE 4, 2013

The Town Meeting was called to order on June 4 at 7:50 AM by the Town Clerk who then read the Greeting and turned to Article 1

Art. 1. Jim McGowan was elected Moderator to preside at said meeting with 6 votes. Following his swearing in, the Moderator appointed Don Ludgin as Deputy Moderator to preside over the Municipal Election in the Moderator's absence.

Art. 2. Catherine Collins, having received 207 write-in votes, was elected Town Clerk for a term ending at the closing of the Town books June 30, 2014. Kristen Coombs received 151 votes.

Art. 3. William Plummer IV was elected Selectman with 326 votes for a term ending at the 2016 Annual Town Meeting.

Art. 4. Mary McDonald was elected Treasurer with 378 votes for a term ending at the closing of the Town books June 30, 2014.

Art. 5. Catherine Collins, having received 226 write-in votes, was elected Tax Collector for a term ending at the closing of the Town books June 30, 2014. Kristen Coombs received 160 votes.

Art. 6. Dale Savoie was elected Road Commissioner for a term ending at the 2014 Annual Town Meeting with 280 votes. Others receiving votes were Stanley Burns 42 and Charlie Collins 30.

Art. 7. Colleen Hudson was elected a member of the School Committee, with 352 votes, for a term ending at the 2016 Annual Town Meeting.

Art. 8. Andrew King was elected a member of the Town-Owned Property Management Board with 358 votes for a term ending at the 2016 Annual Town Meeting

Art. 9. Evelyn Stevens was elected a Cemetery District Trustee with 377 votes for a term ending at the 2016 Annual Town Meeting.

Following counting of the votes, the Deputy Moderator announced the election results at 12:30 am and then recessed Town Meeting until 9:00 AM on Saturday, June 8, 2013.

Town Meeting was reconvened at 9:00 AM on June 8, 2013 by Moderator Jim McGowan, who gave a warm welcome to the participants. He reviewed the results of the municipal officials election, asked that those elected remain to be sworn in at the conclusion of the meeting, and thanked Don Ludgin and the Ballot Clerks for their election assistance.

Jim noted that one of the very special things about Georgetown, a small town, is that there are people willing to volunteer and people who are willing to step up to serve for office. Jim thanked the volunteers, and he thanked Kristen Coombs who has served the last two years as the Town Clerk and Tax Collector.

Jim then turned to reviewing the rules that would govern today's meeting.

Art. 10. The Town voted to adopt the following: (A) in regard to collection of taxes: Taxes shall become due and payable sixty days from the date printed on the bill, and interest at the rate of seven percent per annum will be charged on all accounts not paid by the due date; and (B) in regard to abatement of taxes: Interest at the rate of three percent per annum will be applied to all accounts from the date the taxes were paid until the overpayment is repaid.

Art. 11. The Town voted to authorize the Treasurer, with the consent of the Selectmen, to procure a temporary loan

or loans in anticipation of taxes for the purpose of paying obligations of the Town, such loan or loans to be paid during the municipal year out of money raised by taxes during that municipal year.

Art. 12. The Town voted to authorize the Selectmen, on behalf of the Town, to sell and dispose of any real estate acquired by the Town for non-payment of taxes on such terms as they deem advisable and to execute quitclaim deeds on the same.

Art. 13. The Town voted to authorize the municipal officers to dispose of Town-owned personal property with a value of \$2000 or less under such terms and conditions as they deem advisable.

Art. 14. The Town voted to authorize the expenditure, with the specific approval of the Selectmen, of such funds as various Town bodies may receive from government or private grants or donations or similar block-funding gifts in addition to their approved, budgeted expenses, provided that funding does not trigger the expenditure of additional local funds not previously appropriated by the voters.

Art. 15. The Town voted to authorize the municipal Treasurer, upon direction from the Board of Selectmen, to waive the foreclosure of a Tax Lien Mortgage by recording a Waiver of Foreclosure in the Registry of Deeds in which the Tax Lien Certificate is recorded, prior to the right of redemption expiring, pursuant to 36 MRSA § 944.

AMENDED ORDINANCES

Art. 16. The town voted to approve amendments to the Animal Control Ordinance for the Town of Georgetown after it was explained that amendments were needed to bring Georgetown into compliance with State law and to enable people to join the committee.

Art. 17. The Town voted to approve amendments to the Cemetery District Ordinance for the Town of Georgetown, Maine.

Art. 18. The meeting moved and seconded a vote on the Shoreland Zoning Ordinance, and then turned to related discussion and definitions before taking a vote.

Rick Freeman stressed that changes to the ordinance were significant, and then began the review of some of those changes. Most significant, he noted, was Maine Department of Environmental Protection’s removal of the 75 foot setback for construction, to which there had been no objections from the Natural Resources Council of Maine nor from Maine Audubon. Georgetown’s Codes Enforcement Officer explained that “Timber Harvesting” does not mean an owner’s cutting of forest for personal use. The definition of a “recreational vehicle” includes that the vehicle must be registered with the Maine Bureau of Motor Vehicles; and if so defined, it does not require a building permit. The Town then voted to approve amendments to the Shoreland Zoning Ordinance for the Town of Georgetown, Maine.

GENERAL GOVERNMENT

Art. 19. The Moderator, while itemizing the Article’s request, and was asked whether an itemized reciting was necessary, given that copies were made available for participants to read. The Moderator remarked that reading aloud assured attention to each item and accommodated anyone with a reading difficulty. As such, he continued an itemized reading of the Article’s request. The Town voted to authorize the expenditure of funds to pay the following Town Officers’ salaries for the period from July 1, 2013 to June 30, 2014, hereafter designated as the Fiscal year 2013-14, and to appropriate the Town funds required:

Art. 48. The Town voted to authorize paying \$22,417 for MacMahan Island for the fiscal year 2013-14 as authorized by law and to appropriate the Town funds required. This amount is a direct obligation of the Town. Last year’s amount was \$21,655.

Art. 49. The Town voted to authorize paying a sum now estimated at \$828,907 to pay tax to Sagadahoc County and to appropriate the Town funds required. This amount is a direct obligation of the Town. Last year’s actual amount was \$856,688.

Art. 50. The Town voted to appropriate a sum not to exceed \$250,000 from the undesignated fund balance to reduce the annual tax commitment.

Art. 51. The Town voted to bring forward the mandated actual unexpended balance in the following account. The unexpended balance as of May 17, 2013 is \$150,000.

Art. 52. This Article was to see if the Town would vote to increase the property tax levy limit of \$662,109 set for the Town by the State in the event that the municipal budget approved at Town Meeting will result in a tax commitment greater than that property tax levy limit. Mary McDonald recommended withdrawing Article 52. A motion to withdraw this Article was seconded, and the Town then voted to withdraw Article 52.

Following the swearing-in of those elected by Tuesday’s balloting, the meeting adjourned at 10:05 am.

BOARD AND COMMITTEE REPORTS

BOARD OF APPEALS

The Board of Appeals met only one time during this year. This meeting was to elect officers for the year. We received no applications for appeals.

In January one of our alternate members, Jack Swift, passed away. Jack had been a full member of the Board of Appeals since 1999. Because he had also served on several other committees and had a great knowledge of Georgetown history and issues, we were very fortunate to be able to draw on his experiences. Jack was always most courteous and was able to share much history with the Board members. We always appreciated his perspective on the issues and the wealth of information he had to offer. We also loved the twinkle in his eye when he was having fun. He is greatly missed.

Another of our members, Dave Fluharty, moved out of town and had to leave the Board. Dave has been on the Board since 2008 and served as secretary for most of that time. Dave's thoroughness and attention to detail have helped us greatly over the years. We have been fortunate to have had the opportunity of sharing his expertise, as well as his friendship. Thank you, Dave.

Peter Stevens, who had been an alternate, is now a regular member. We have no alternates at this time.

Respectfully submitted,
Kate MacKay
Chair

CEMETERY DISTRICT TRUSTEES REPORT

The Trustees reviewed and updated our Cemetery Ordinance this year and it was approved by the Board of Selectmen and the townspeople at Town Meeting.

Island Surveys marked out lots for future use at Mountainside. They also helped us to locate several of the old markers that we have had difficulty locating.

We plan to begin on the 3rd phase of the fence project at Mountainside next year.

Again, we remind you that it is state law that all flags at the cemetery be removed by September 30th and cannot be put back out until May 1st.

Please feel free to contact any of the trustees if you have questions or concerns.

Respectfully submitted,
Georgia Kennett
Chair

GEORGETOWN CONSERVATION COMMISSION

The Conservation Commission had a busy and productive year in 2012-2013, meeting our mission to care for and maintain Georgetown's open spaces and to provide leadership in the development, use, conservation, and restoration of the town's natural resources. During this year, the Conservation Commission was highly successful in a competitive environment in obtaining outside resources, *i.e.* grants and technical support, for many of the programs and projects listed below.

Among 2012-2013 activities:

- In September 2012, the Commission once again coordinated Georgetown's participation in the annual **International Coastal Cleanup** to keep Georgetown's beaches, marshes, and shorelines free of man-made debris and restore our shores to a more natural state.
- Also in the fall, the Commission launched Year 2 of a **Water Quality Assessment Project** with the University of New Hampshire. UNH students sampled selected Georgetown wells for salt water intrusion and septic contamination over the winter and reported findings at a community meeting in May.
- In October, the Commission hosted the second annual community **Harvest Potluck** supper of locally grown, caught, shot, or foraged food, to celebrate eating locally for island sustainability.
- In collaboration with the Georgetown Central School, the Commission continued the **Georgetown Central School Turtle Awareness Project**. Students and community members worked together on a project about turtles and their tendency to cross our roads to lay eggs. The Commission posted "Caution – Turtle Crossing" signs made by the students along several island roads in the spring.
- The Commission continues to **monitor and maintain town-owned conservation lands**: the Ipcar Natural Preserve in Five Islands and the Round the Cove Walking Trail in Georgetown Center. With support from a State of Maine Project Canopy Grant, we contracted with a forester to evaluate the health of both forests, and began to develop forest management plans.
- In spring 2013, the Conservation Commission updated the **map and guide to Georgetown's most popular walking and hiking trails** on conservation lands. It is available in the Town Office. On the Conservation Commission website: www.gtownconservation.com - and at other locations around Georgetown.
- During the 2012 – 2013 year, the Conservation Commission helped Georgetown to **apply for and receive funding** for three projects that engage the community in managing Georgetown's two town-owned forests, in monitoring water quality in the waters around Georgetown, and in understanding and addressing the potential effects of sea level rise and climate change on Georgetown's marshes and shorelines.
- The Commission sponsored a **community meeting** in March 2013 to discuss the anticipated effects of climate change and sea level rise in Georgetown, and staffed an **information table** at the August 2012 Working League Fair.
- In spring 2013, the Conservation Commission began a long term project through a Maine State Project Canopy grant that engages students at the Georgetown Central School in **plotting and inventorying woodland resources** in town forests adjacent to the School.

The Conservation Commission maintains a FACEBOOK page and a website – www.gtownconservation.com - where we post upcoming events and items of interest. Please follow us on FACEBOOK, on our website, or at our regular monthly meetings.

FINANCIAL ADVISORY COMMITTEE

Voters at the June 8, 2013 Town Meeting approved a Town Budget totaling \$4,178,059 for the next fiscal year, a decrease of \$95,121 or 2.2% from the previous year. The Municipal Budget showed a decrease of \$43,503 or 3.3% to \$1,255,163. The School Budget also showed a decrease in spending of \$23,827 or 1.1% to \$2,068,989. Although the

Total Budget reflected a decrease from the previous year, the amount needed to be raised by property taxes increased by \$21,042, or 0.6%. The increase was primarily due to a reduction in available offsetting funds from the Undesignated Fund Balance.

The FAC appreciates the efforts of all the town committees, in providing the information needed to compile the total budget and for their thoughtful consideration of expenditures.

HARBOR COMMITTEE

Last summer a serious boating accident occurred when a power boat crossing the little Sheepscot River ran ashore on Turnip Island and resulted in serious but not fatal injuries. The Georgetown Fire Department responded to the 911 call. Arrangements have been made going forward to also have the harbormaster informed of boating related 911 calls from the Georgetown area.

Fortunately there were no other significant problems or emergency issues that occurred during the fiscal year 2012-13 that fell under the jurisdiction of the Georgetown Harbor Committee.

Arthur Tibbetts, a respected and loyal alternate member of the Harbor Committee passed away earlier this year. He will be fondly remembered and sadly missed.

The Harbor Committee established and the Town approved a budget for fiscal year 2013-14 of \$12,675. It is essentially the same as last year and included \$4,000 which will go to the harbor management reserve fund.

Two new speed buoys were purchased to replace older damaged buoys.

With the help of courtesy reminder letters sent to holders of mooring permits, collection of annual mooring permit fees went fairly smoothly. Eleven mooring permits remain unpaid after the deadline and they will be revoked in accordance with town ordinances.

Numbering of mooring floats and removal of unused and unregistered moorings continues to be a priority. With the help of the town clerk, efforts continue to update and computerize the list of mooring permits. Significant progress has been made in this regard.

It remains the objective of the Harbor Committee to promote continued safe boating in the waters of Georgetown.

Respectfully submitted,
David Moyes
Chair

PLANNING BOARD

The Planning Board issued 28 permits either for new or improved principal structures, new or improved accessory structures, new or replaced piers or other activities requiring a permit during the fiscal year. Six of the permits were for new principal structures, while 18 permits were issued for improved principal structures. This compares with a total of 26 such permits issued in the preceding fiscal year.

The Planning Board prepared a revision to the Shoreland Zoning Ordinance for consideration at the annual Town Meeting. The revision deleted the requirement that areas in the Shoreland Zone adjacent to moderate and high value waterfowl and wading bird habitat be placed in the Resource Protection District. This change was consistent with the new Shoreland Zoning Guidelines issued by the Maine Department of Environmental Protection. This change also allowed the Board to recommend moving a number of parcels from Resource Protection to the Limited Residential District. These changes were accepted by the Town.

The Planning Board is currently seeking full time members. If interested, please contact the Selectmen at 371-2820.

The Planning Board normally meets on the first and third Wednesdays of each month at 7 PM in the Town Office. Our meetings are open to the public and we invite anyone interested to attend.

Respectfully submitted,

Georgetown Recreation Committee

We have a great group of people on the Recreation Committee who work hard to bring you these exciting and important programs. Committee members are always ready with new and compelling ideas. We work with the school, the Community Center and other town entities to produce a variety of activities for all ages.

The Free Family Ice Fishing Day is an annual event scheduled during the state's free fishing weekend. No licenses are required and the Georgetown event is held at Middle Dyke Farm Pond on the Bay Point Road. The Recreation Committee had hot coffee available by early morning and hot dogs for lunch as we struggled to keep the grill going through the cold and windy day. The Community Center provided hot chocolate and snacks for the hearty souls who participated. Ice fishing equipment was provided and prizes awarded.

The Get to Know Your Neighbor Party is held each year in March at the Georgetown Community Center where the annual Outstanding Citizen Award is presented. Dahlov Ipcar was this year's recipient. Her late husband Adolf was awarded the title in 1991.

The Blessing of Fleet is held in July each year at the Five Islands Wharf. Pastor Barry Moore officiates as we pause to give thanks to the fleet and to memorialize those who are no longer with us. This popular summer celebration features a boat parade, live music, and games for the kids—including the exciting lobster crate race.

The Tennis Court area in Five Islands had extensive work done this year as the brush and trees were cleared around the fence line, new basketball hoops were installed, and benches were added. Special thanks to new committee member Paul Morin whose property abuts the court, and Selectman Bill Plummer for their efforts in making this public space more inviting and functional for residents. The Recreation Committee maintains a contingency fund for yearly improvements to this area.

The Recreation Committee thanks Richard DeVito for his dedication in maintaining the sign at the bottom of the Robinhood Road. His prompt postings of these events and all town activities are essential to the success of these programs. We also want to thank Dave Knauber for posting events on the Fire Department sign at the town center.

Other activities sponsored by the Recreation Committee include:

- Halloween party with the Community Center
- Christmas party with the Community Center
- Free tickets to Sea Dogs baseball and Red Claws basketball games
- Other free activities like candlepin bowling
- Programs with the Leadership Club including donations of bicycle helmets
- Summer camp scholarships
- Candidates Night
- YMCA student swim program

SHELLFISH CONSERVATION COMMITTEE

The Committee has continued to be proactive in many conservation efforts regarding shellfish harvesting and research to increase the harvestable areas in town.

Grant monies were used this year to purchase baby seed clams, and protective nets, which were "planted" in Sagadahoc Bay and Heal Eddy. This was our spring conservation effort. Naturally occurring baby clams are not as evident as they once were. The lack of seed clams may be due to the current increase in green crabs or other causes. Future conservation efforts may include a more specific effort to address the green crabs.

The Department of Marine Resources (DMR) will continue to monitor the shoreline through sanitary surveys. The committee appreciates the work done by Kennebec Estuary Land Trust (KELT) through educational programs and media resources to educate people on how important it is for residents with shoreline property to maintain their septic systems. Maintaining your shoreline septic system helps keep the flats open and our resource healthy. We encourage all residents to inspect and maintain their systems.

We are currently looking for new members who would have an interest in this local industry and our conservation efforts. If you might be interested, please contact a member or Selectman or join us at our next monthly meeting.

SOLID WASTE MANAGEMENT COMMITTEE

Operations at the Transfer Station continue to run smoothly thanks to Jim Coombs, Larry Mullins, and part timer John O'Leary. The TS continues to be very busy all summer and holidays.

The road into the TS was repaired and black topped making it a smoother entrance. After needed repairs to the compactor, Larry painted several of the containers which will help extend the life of the containers. Jim and Larry also spruced up the attendant house with a new coat of paint. June 2013 a new Transfer Station sign was erected.

The Household Hazardous Waste Collection in October 2012 saw residents go to Brunswick and then again to Bath in May 2013, taking items such as oil based paints, chemicals, insecticides and several other hazardous substances that would now not go into landfills. Thanks to all who participated in those events. The Universal Waste shed is usually full, which means electronics are also being kept out of landfills.

Residents may have noticed the back of the bulky container is now blocked off. This is to fix a safety problem of items being thrown into the metals pile from above which can be a hazard for the attendants working below. For the calendar year 2012-2013 the town recycled 63.2 tons of metals, 112 tons of plastics and glass, 320 tons went into the compactor and 212 tons went into the bulky waste.

In October of 2012 new TS stickers arrived, they are orange. When residents get another vehicle remember to ask for a new orange sticker as you register the vehicle.

The Committee spent several months creating a Transfer Station and Recycling brochure which is available at the TS and Town Office. Hours of operation, and what can be recycled, are contained in the brochure. Committee member Alison Freeman took on the challenge of arranging the brochure and having it printed, thank you Alison.

Thank you once more to all the Volunteers who help keep the mall organized, looking neat and tidy.

Since State and Federal regulations have increased the amount of work for our attendants, the Committee sends a sincere thank you to them for all they do.

A reminder, anytime you are unsure if an item can be left at the Transfer Station, please ask the attendants for guidance as to what can be accepted and where the item should be put. Remember, reuse, reduce, and recycle to help save tax dollars.

TOWN OWNED PROPERTY MANAGEMENT BOARD

The Town-owned Property Management Board (TOPMB) welcomed a new face in June 2012. Mark Donovan of Blueberry Hill Road will replace longtime chair and board member, Mrs. Bronwen Tudor. The board thanks Mrs. Tudor for her commitment to community and wishes her the very best of luck in any new endeavors.

The TOPMB is responsible for overseeing multiple town properties; including a high priority, the wharf in Five Islands. The town collects rent for use of the buildings through a bidding process. The current tenant, as many are aware, is Five Islands Lobster Co. In addition to the rent the Board charges a commercial user fee to many local fishermen as well as skiff tie-up fees on both the Commercial and Recreational floats. There is also a fee if a resident plans to leave a skiff at Todd's landing. Please read our ordinance thoroughly if you plan to use any town facilities. The Board generates its own revenue and it is the Board's intent to keep its budget confined to that revenue when applicable. The monies do not go directly to the Board, they go into the town's General Fund until our budget is approved at Town Meeting by you, the voters, and the Board truly appreciates all of your support.

The TOPMB works diligently on the budget with the Financial Advisory Committee each spring. The budget consists of operating expenses, capital expenditures, and reserve funds. The Board stayed within its operating budget, placed \$20,000 in the wharf reserve fund and put almost \$18,000 back into the general fund. The biggest expense this year was getting the Love Nest and Lobster buildings re-roofed. After a bidding process, the Board contracted Williams Roofing of Brewer, Maine. The job was performed late in the year and thanks to some strong winter gales, some shingles were missing come spring. Williams Roofing stood behind their work and repaired the roofs at no additional cost. Kennebec Marine was contracted to replace the rotting header to the commercial ramp as well as repairing and launching the Recreational floats. Stewart Electrical was contracted to ground all electrical systems as well as repair any corrosion that has occurred from exposure to such a harsh environment. Lonnie's Hydraulics performed its annual spring & fall inspections of the hoist. The propane bottles were moved to the south side dining area per code and Jason Barabe provided the lattice work to conceal them. For a full detail of revenues, appropriations and actual expenditures, please review town report or stop by the town office.

The credit card company, Chase Sapphire, shot a TV commercial on the wharf this year putting Georgetown once again in the spotlight. We would like to thank our tenants for making our little wharf such a destination. We also want to thank all of our users, both commercial and recreational for paying their dues on time and keeping the facilities clean of debris. And a big thank you to Mary McDonald for her technical support. The Board encourages everyone to thank the Todd family for the continued use of their land. Without this, the Town would not have a boat landing. Last but not least, we thank you, our taxpayers.

APPOINTED AND ELECTED OFFICERS' REPORTS

ANIMAL CONTROL OFFICER

This year was quite a busy one. I had 21 lost dogs and 6 nuisance dogs. I had 3 dog bites that came to my attention and which resulted in quarantined dogs. I had 6 stray cats, 3 quarantined cats, and I took 5 kittens to the shelter. I had to pick up 3 deceased animals on the road. I also got a call for an injured wild bird which I referred to the appropriate agency. I had a call for a nuisance rooster which I relocated. I continue to spend quite a bit of time tracking unlicensed dogs – this year approximately 20 hours. I continue to hope that folks will license their dogs on time.

CODE ENFORCEMENT OFFICER

Construction in Georgetown has held steady this past year, reflecting the current economic conditions. There were twenty six CEO building permits issued this year. Twelve of these permits were for structures in the Shoreland Zone. Also, there were ten plumbing permits, fifteen septic permits, and one flood plain permit issued.

If you are considering doing any construction, it is strongly recommended that you call the CEO to find out what, if any, permits are required and to review setback requirements. This is especially true if you are considering building or cutting trees in the Shoreland Zone, or doing shoreline stabilization as State rules and regulations can change at any time during the year. The CEO is available to review preliminary plans and/or conduct site visits to assist you during your project development.

The CEO can be contacted at 522-3225 between the hours of 9 AM and 6 PM, Monday through Friday. Messages can be left on voice mail at any time. Callbacks will be made during normal business hours, except for emergencies which will be answered as soon as possible.

Finally, I would like to take this opportunity to say it has been a privilege to serve as your Code Enforcement Officer these past six plus years. I have decided to retire and it is a privilege to report that Jason Lang has volunteered to step up and take over the position, effective June 8th, 2013. He is an outstanding individual and will act in the best interests of the Town and its citizens.

EMERGENCY MANAGEMENT DIRECTOR

Georgetown's Emergency Management has had a quiet year. While Georgetown had several storms, none became emergencies. However, had there been any, we were ready. Our emergency management team members are: the selectmen, fire & ambulance chiefs, harbor master, road commissioner, code officer, and school principal. We established this in 2012 and agreed to meet, as needed. The current Georgetown Emergency Management Team consists of: Jerome D. Gamache, EM Director; Karin O. Gamache, Assistant to the Director; William Plummer, Chair, Board of Selectmen ; Geoffrey Birdsall and Delores Pinette, Board of Selectmen; Matthew Carlson, School Principal; Christopher Cummings, Arrowsic Fire Chief; George DuFour, Harbormaster; Fulton Reed, Fire Department Past Chief; Ronald Hayward, Fire Department Treasurer; Jon Hentz, Fire Department Safety Officer; Rosemary Hentz, Ambulance Chief; Christopher Hilton, Marine Patrol Officer; David Knauber, School and Fire Department; Larry Mann, Fire Department Chief; Mary McDonald, Assistant to the Selectmen; Paulene McLuer, Arrowsic Emergency Management Director; Joel Merry, Sagadahoc Sheriff; Dale Savoie, Road Commissioner; Robert Trabona, Fire Department and Code Officer; Sharon Trabona, Fire Department; John Travis, School Custodian; Kate MacKay, Animal Control Officer. As reviewed in 2012, our communication protocol is to contact team members, as needed, when an emergency occurs. Contingency plans for a shelter are at the Georgetown Community Center, with secondary shelters at the Georgetown Community School and the Georgetown Historical Society, if needed.

Courses taken or workshops attended this year: Jerry: (FEMA) "Rural Domestic Preparedness Consortium" ; (NIMS) "G191 ICS/EOC Interface Workshop"; (LifeFlight of Maine) "LifeFlight of Maine Ground Safety Course"; (Maine EMS) "EMS Infection Control and Prevention"; (MEMA and Maine Partners in Emergency Preparedness) "5th Annual Maine Partners in Emergency Preparedness 2-Day Conference"; Karin: (NIMS) "G191 ICS/EOC Interface Workshop"; (LifeFlight of Maine) "LifeFlight of Maine Ground Safety Course"; (MEMA and Maine Partners in Emergency Preparedness) "5th Annual Maine Partners in Emergency Preparedness 2-Day Conference"; Plus, we have attended the bi-monthly Sagadahoc County Emergency Management meetings throughout the year. Additionally, we attended the Flood Plain Plans Orientation meetings at the county and community level.

On the county level, we have been involved in preparation for a Full Scale POD (Point of Distribution) Exercise on an Anthrax Emergency Scenario. Meetings were throughout the year and the exercise was on November 8 at the Topsham Fair Grounds.

As an annual plan, we reviewed the Georgetown Emergency Operations Plan (EOP) with our Emergency Operations Plan Advisors: Robert & Sharon Trabona, Ronald Hayward, David Knauber, and Ralph Wilkinson. This was a month-long process of changes, revisions, and meetings which involved the emergency management team and culminated with the Georgetown Selectmen approving the plan in March. We will continue to update the Georgetown Emergency Operations Plan annually, as needed.

We will continue this form of training and participation, and planning so that Georgetown will be prepared in case of an emergency.

Georgetown Emergency Management Director (GEMD)

HARBORMASTER

The 2012-2013 season was calm and relatively uneventful. I continue to receive numerous complaints about excessive speed and wakes in anchorage areas. Please respect our coastline residents by controlling excessive wake. The Georgetown speed/no-wake buoys are now all registered to the Coast Guard which means the Coast Guard can now enforce the zones covered by these PATONS (Private Aids To Navigation).

Winter time ice and storm conditions have historically caused stored floats to breakaway. When they are reported or recovered it is difficult to identify the rightful owner. I suggest float owners identify their floats with a name and contact phone number.

All mooring owners are advised to have your mooring tackle inspected the beginning of each season because it appears that electrolysis has become more powerful these days.

I look forward to another safe, pleasurable and profitable 2014 boating season. My thanks go out to all of our boaters and fishermen for all their cooperation.

ROAD COMMISSIONER

NO REPORT RECEIVED

SHELLFISH WARDEN

Our coastal ecosystem is maintained by a delicate balance of warm summers and cold winters, with the past winters being slightly warmer, thus allowing the population of green crabs along our coast to thrive. Their increasing numbers pose a significant problem to our soft-shell clam industry where the green crab holds soft-shell clams high on their diet. They also eat the roots of eel grass and the younger shoots of marsh grasses.

Several of our shellfish committee members have successfully trapped green crabs in Heal Eddy over the past year. It will take additional research with the trapping effort to show us where Georgetown ranks in this endeavor. In this country at the present time there is no economic value to the green crab once harvested. Some possibilities for commercial use around the world are creating aquaculture feed, lobster bait, pet food supplements, and fertilizer. Crab meat for human consumption, in an overseas market may be a possibility in the near future.

Prior to harvesting any shellfish in Georgetown you must first obtain a shellfish license from the Town Office. At that time, ask the clerk if there are any conservation closures in effect and ask to look at all the latest applicable Administrative Letters, which should be found on the bulletin board outside the office door in the hallway. You may also want to pick up a recreational shellfish information sheet from the clerk or go to the Town web site for a copy. Also check the Department of Marine Resources web site at www.maine.gov/dmr/rm/public_health/shellfishgrowingarea.htm or Google "Maine Red Tide and Shellfish Sanitation Hotline" for the most up to date status of the flats. This way you can be absolutely sure that the flats you plan to dig on are open. If you need assistance with this procedure please call Jon Hentz 371-2732 for guidance through the site.

If the Town office is closed and you need an immediate shellfish license please call the Sagadahoc Bay Campground at 371-2014 where you will find Patricia and Eric Kosalka ready to sell you a 7 Day Recreational Shellfish License at just about any time during daylight or early evening hours.

Prior to digging in the future, contact me for the openings and closings which can change without warning. Be especially cautious in the spring when we can expect heavy rains which may close all our flats. Another springtime problem we routinely face is Red Tide. This will usually affect Blue Mussels, carnivorous snails and European Oysters, and can last all summer. The warden makes every effort to post closure signs at major points of access to some of the flats. These locations are the first telephone pole on the Birch Island Road, Julia Kahrl's telephone pole by the tennis court on Kennebec Point, the signpost at the southern end of Molly Point, the sign post at the end of the pavement on the Sagadahoc Bay Road, Todd's Landing on Robinhood Cove between the two bridges, Bean's launch ramp at the end of the Indian Point South Bay Road, the Indian Point commercial clambers' access to the Bay by Connie Donovan's, the Indian Point access to Little River on the Ocean Loop Road, and the gate house at Reid State Park. However, never trust the absence of a sign. They can be (and in many cases are) vandalized or damaged. The only posting's you can completely trust are the ones located in the Town Office or the DMR website.

Please remember that if you use someone else's property to get to the clam-flats, you must first obtain permission from the owner or designated responsible person.

Finally, the Red Tide Hotline number is 1-800-232-4733. If you have a problem understanding this recording, please look at a chart or map to find the points of reference being spelled out. If you are still in doubt, please call me at home so I can provide assistance.

TOWN OFFICE GALLERY DIRECTOR

Let's first begin by thanking all the past Directors for their wonderful service to the citizens who come in to the office. The walls, although in need of a good paint job, look wonderful when covered by our talented artists' creations. Secondly, let's be very clear that I am in no way a Gallery Director, I am merely muddling through until a much more competent and artistic person than I takes pity on me and steps forward to volunteer for the position... please, please.

Claire Darrow stepped down in December 2012 as the Gallery Director after many years of service and we miss her wonderful talent and connections. She left behind on the walls the wonderful work of Barbara Bean which ended in January.

I sent out a call to my dear friend, Gene Reynolds, for some of his artwork to grace the walls and he stepped right up. We had works from Jack Schneider, Andy Vavolotis, Dahlov Ipcar, Ethan Russell, Charles Goodhue, Waldo Peirce, Jason Schoener, Marguerite Zorach, William Zorach, and Fred "Fritz" Rockwell and by Gene himself. We also had a William Zorach terra cotta sculpture of "the baby" Dora Higgins. Jim Coombs also loaned a couple of his nice watercolors, the one of Bath down Center Street is amazing. The show, which lasted until May, was fabulous and enjoyed by all.

In May, 22 of the 5th and 6th grade students displayed their artwork. The kids always do a great job and are very proud of their work. The people coming in love to look at the various designs and colors. We have some budding artists in our mix!! We thank them for allowing us to display their talent.

In June, Kristin Malin came to my rescue with her show of oil paintings on canvas and paper. There were many from around Robinhood Cove and Sagadahoc Bay and of series of vernal pools in different seasons. She has an oil of New York Harbor that is a great display of color and light. Her show will continue until October.

We thank all of the artists and collectors that allow us to show their work at the Town Office Gallery.

Mary F. McDonald

SCHOOL COMMITTEE

The 2012-2013 school year was the second year in our new relationship with AOS 98 and Superintendent Eileen King, and our Principal, Matt Carlson. We are enjoying sharing the cost of the superintendent's office with Boothbay and Boothbay Harbor, Edgecomb and Southport, and still retaining control of the school budget and the school building. The Georgetown Central School saw some staffing changes this year, as our fourth grade teacher, Susan Ayers, took a year-long sabbatical to teach in South America. Due to the one year vacancy in fourth grade, Marcie Look moved from Kindergarten to fourth grade, and Callie Wells moved from an educational technician position to Pre-K and title one teacher. Two educational technicians, Sarah Guethle and Alyssa Siegel, were hired to fill needs in special education, we welcomed our new sixth grade teacher, Evan James, and we hired Nancy Cressey to run the school lunch program. Our teaching staff began the process of aligning their curriculum to the Common Core State standards, and are mapping their curriculum through a program called ATLAS.

The Georgetown Island Education Foundation awarded a \$4000 grant to the sixth grade for the STEM curriculum. Our students participated in the Officer Salty Program, the boat building program, and Project Canopy.

Our island school is a special place, and our students flourish in it. We have highly skilled staff and a well maintained building, and we thank all of you for your support in educating all of the kids in Georgetown. They are our future, and you are part of their success.

GEORGETOWN CENTRAL SCHOOL PRINCIPAL

Georgetown Central School saw a few changes to staffing during the 2012-2013 school year. Marcie Look moved from Kindergarten to fourth grade to fill a vacant position left by Susan Ayers who took a year leave of absence. Laurie Martin moved from Pre-K to Kindergarten and Callie Wells moved from an educational technician position to Pre-K and title one teacher. Two educational technicians, Sarah Guethle and Alyssa Siegel, were hired to fill needs in the special education classroom. Evan James was hired as our new fifth and sixth grade math and science teacher and Nancy Cressey joined our staff as our new cook.

Our school staff embraced a new philosophy for dealing with student behavior called Collaborative Problem Solving and we added a Civil Rights Team to our school culture. Teachers began the process of aligning their curriculum to the Common Core State standards. Through an online program called ATLAS, teachers are mapping their curriculum and are assisting each other to determine if there are any gaps in our instruction. This process has also allowed our staff to work closely with their colleagues in AOS 98.

There were many enrichment activities that our students participated in over the course of the year. In the fall, we offered a green house club, archery, and a hiking club. During the winter, Mr. James and Mrs. Palmer taught violin to 15 students and the fifth and sixth grade students built a boat under the supervision of Bob Trabona. Students were also able to participate in guitar club and the "Battle of the Books" was held. As spring approached the entire school participated in an Earth Day celebration. We volunteered our time to clean up the beach at Reid State Park. Students in fifth and sixth grade participated in a theater project creating their own play around bullying. In June, Mrs. Saufier put on a school wide play, The Hobbit.

Mr. James was awarded a \$4000 grant from the Georgetown Island Education Foundation to promote STEM (science, technology, engineering and mathematics) related activities in fifth and sixth grade. Students in third through sixth grade worked with John Hagan, Rosalie Paul, and Kate MacKay to create three tree plots as part of Project Canopy, a long term tree growth project where our students will collect tree growth and weather data for years to come.

Students in grades 3-6 travelled to Boston and visited the Aquarium, the Museum of Art, and the Museum of Science. The fourth through sixth grade students went to the clean water festival in May. Our fourth grade once again worked with Jon Hentz through the Officer Salty program. They made compost bins and presented them at the Bath Farmers Market. Our fifth and sixth grade students researched the Trafton farms and presented their findings at the Georgetown Historical Society. Mr. James introduced sensor technology to our science program allowing students to test our garden soil for its Ph and water absorbability.

Thank you to all of the volunteers and to the community for their support for all the programs and educational opportunities we are able to offer at Georgetown Central School.

Sincerely,

Matthew Carlson

Minutes

Annual Report, 2012-2013

17 June, 2013

Larry Mann continued to serve as Fire Chief. The Department reported 39 fire calls (a reduction of 28 from 2012), 111 ambulance calls (up 20 from 2012) and logged 932 hours of training for the year. Fire call statistics include vehicle accidents and other rescue calls. These calls were down, in part, due to the dedicated work of our road crews.

The Department's Forest Service-surplus brush truck passed its Insurance Standards Organization service limit and was no longer maintainable. The chassis was stripped of its pump and other usable equipment and sold. This vehicle has not yet been replaced.

The Department continued to bank funds in the Radio Communications savings account, in anticipation of the need to replace all base, vehicle and handheld radios when changeover to digital communication is mandated under federal law. As of year's end, the Radio fund held \$48,045.86.

More than you'll ever know

On behalf of the Board, Corporators and Staff of the Patten Free Library, thank you to the Town of Georgetown for making the Library the enriching community treasure that it is. Support of your regional library in 2012/13 has enabled:

Book Buddies program at the Library

- 167,613 people to visit the Library
- 142,760 items to be borrowed
- 26,487 people to use the public computers
- 26,090 items to be borrowed and loaned through interlibrary loan
- 9,355 reference questions to be answered
- 5,901 people to attend 374 children's programs
- 4,296 eBooks and audio books to be borrowed
- 3,746 people to attend 193 adult programs
- 561 teens to participate in 50 programs
- 500 children to do the Summer Reading Program

The Library's mission is to transform lives, inspire lifelong learning, preserve local history, and build community through joyful, creative exploration and dialogue for the citizens of Arrowsic, Bath, Georgetown, Woolwich, and West Bath.

Among the highlights of the Library's service in 2012/13 are:

- The continuation of the "Book a Librarian" program for patrons to get individualized help in downloading eBooks, iPad instruction, help in setting up email accounts, and online job searching
- The ninth annual Town History Series, which featured "Lest We Forget" by Denise Moore-Reynolds
- Expansion of Saturday hours to 10 am – 4 pm through the fall, winter, and spring

GEORGETOWN HISTORICAL SOCIETY

As a non-profit membership organization GHS relies on dozens of wonderful volunteers, including Board members, those who help in the research library, the archives, and preparing exhibits, as well as committee members, GHS members, and community friends. Those of you who support GHS through your memberships, purchases of books and calendars, and other donations are the ones who make it possible because these are our primary funding sources.

The year brought increasing numbers of visitors, historical/genealogical queries, and other researchers through our doors, as well as sales of books, and attendance by hundreds of people at our programs and exhibits. Our community programs covered topics including: women writers of Bay Point in the 1930s-40s; the terrible Five Islands fire of 1934; clamming as an important traditional occupation; the history of the village of Riggsville; the WWII heroism of Sgt. Herbie Campbell; and a presentation by local schoolchildren about their finds at the Trafton farm that once stood near their school. As we often do, we invited local authors and artists to share their creations, including Maureen Stanton, Bill Chafe, and Dahlov Ipcar. And, our Celebration of the Arts biennial event brought hundreds to town to appreciate the amazing talents of Georgetown artists. Also very popular were our two exhibits *Georgetown's Working Waterfront* and *Georgetown and the Civil War*.

We encourage those who are not members to join us because your memberships not only bring you *The Georgetown Tide* six times a year but they also help to keep our community's history and culture alive and well!

On behalf of all the GHS volunteers, thank you for your continued support.

Jeanne Bailey McGowan, GHS President

GEORGETOWN COMMUNITY CENTER

Dear Friends,

Recently, at a fundraiser, Bill Plummer addressed the crowd gathered at the Community Center. "Never in my wildest dreams," he said, "Could I imagine the Hall being like THIS!" He gestured toward the crowd. "This is your building, and it's amazing, but it's the Community that makes it that way. I've always known this is a great town, but in the last 4 or 5 years, I've been blown away by what an awesome Community we have."

Never has this been more evident than today. Not only is the Community Center thriving, the Community is as well. With your support we've been able slowly improve the building, which has allowed us to do more and more around town. Neighbors are helping neighbors. We're cleaning up the roadsides. Meals are being provided at the Holidays, and lots of other times, too. We're fundraising for other organizations, like the Mobile Food Truck. We're teaching the next generations about caring for others, and how simple things, like a bag of cat food, a new scarf and mittens, or an extra meal, wrapped up to go, can make a huge impact, and inspire someone else to pay-it-forward. Through terrible times of tragedy and joyous celebrations, GCC provides the heart.

As we sit on the first brand new couches at our weekly meeting, we look around and smile. WE know how fortunate we are to have YOUR support. Thank you for allowing us to keep YOUR building open – a bright, warm and amazing place for all of us to gather.

Sincerely,

Bill Plummer, Mark Donovan, Diann Longstreet, Angela Mead & Mary McDonald

**Financial Statements
Town of Georgetown, Maine
June 30, 2013**

**To the Selectboard
Town of Georgetown
Georgetown, Maine**

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Georgetown, Maine, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Georgetown School Department's general fund, fiduciary fund (agency fund - student activity accounts) and other governmental funds (special revenue funds), which represent 29%, 21%, and 9%, respectively, of the assets, fund balances/net position, and revenues of the Town of Georgetown, Maine. Those statements were audited by other auditors whose report has been furnished to us, and in our opinion, insofar as it relates to the amounts included for the general fund and other governmental funds, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Georgetown, Maine, as of June 30, 2013, and the respective changes in financial position for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on page 3 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Georgetown, Maine's financial statements as a whole. The combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the financial statements.

The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Management's Discussion and Analysis

As management of the Town of Georgetown, Maine, we offer readers of the Town's financial statements this narrative overview and analysis of the financial activities of the Town for the fiscal year ended June 30, 2013. The Town's financial performance is discussed and analyzed within the context of the accompanying financial statements and disclosures following this section.

Financial Highlights

The Town's assets exceed liabilities by \$4,504,556 as of June 30, 2013, compared to \$4,377,992 as of June 30, 2012.

The Town's governmental funds General Fund Balance on a budgetary basis was \$956,396 as of June 30, 2013, compared to \$657,155 as of June 30, 2012.

Overview of the Financial Statements

The Management's Discussion and Analysis introduces the Town's basic financial statements. The basic financial statements include three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. The Town also includes in this report supplemental information to the basic financial statements.

Government-wide Financial Statements

The government-wide financial statements include a Statement of Net Position and a Statement of Activities. These statements provide information about the activities of the Town as a whole and present both a long-term and short-term view of the Town's finances. Financial reporting at this level is similar to the accounting used by most private-sector companies.

The Statement of Net Position includes all assets and liabilities, with the difference reported as net position. Over time, increases or decreases in the Town's net position is one indicator of whether its financial health is improving or deteriorating. Evaluation of the overall economic health requires other non-financial factors, such as changes in the Town's property tax base and the condition of the Town's roads, as well as many others.

The Statement of Activities reports the current year change in net position. This statement includes all of the current year's revenues and expenses regardless of when cash is received or paid.

The Statement of Net Position and the Statement of Activities are divided into the following types of activities:

- Governmental activities - Most of the Town's basic services are reported here, including general government administration, public works, public safety, health and human services, sanitation, education, and cemeteries. Property taxes, excise taxes, fees, interest income and state and federal grants finance most of these activities.

Currently, the Town does not have any business-type activities.

Fund Financial Statements

For governmental activities, these statements focus on how services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Town's operations in more detail than the government-wide statements by providing information about the Town's most significant funds. The remaining statements provide financial information about activities for which the Town acts solely as a trustee or agent for the benefit of those outside of the government.

Financial Analysis of the Town's Funds - Fund Financial Statements

Our analysis of the Town's major funds begins with the fund financial statements on page 6 and provides detailed information about the most significant funds-not the Town as a whole. Some funds are required to be established by State law. However, the Town establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money. The Town reports governmental funds.

□ Governmental funds - Most of the Town's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Town's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Town's programs. We describe the relationship, or differences, between governmental activities, reported in the Statement of Net Position and the Statement of Activities, and governmental funds in reconciliations on pages 7 and 9 of the financial statements.

In an effort to reduce borrowing and eliminate peaks in the mil rate, the Town continues to build reserve funds (assigned fund balances within the general fund) annually to reduce the need for major fund outlays as equipment and infrastructure assets need replacement. All expenditures incurred in the reserve funds are noted in the Report of the Selectmen. A listing of all reserve accounts can be found at Note J to the financial statements.

Current year revenues in the general fund on a budgetary basis were made up of the following:

As seen above, 86% of our revenue is derived from property tax, tuition and excise taxes help slightly. Since the town does not charge for services, such as sanitation and fire / rescue, that is unlikely to change any time in the future. Current year expenditures in the general fund on a budgetary basis were made up of the following:

The school and county tax make up the majority of the expenditures, another trend that will continue. The Town committees and boards do a good job of keeping costs down and making their dollars stretch. Many committees and boards continue to build reserve funds to plan for future capital expenditures.

GENERAL FUND BUDGETARY HIGHLIGHTS

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of June 30, 2013, the Town had approximately \$5.5 million invested in capital assets. (See table below)

	<u>2013</u>	<u>2012</u>
Land and improvements	\$ 91,849	\$ 91,849
Buildings and improvements	2,142,296	2,142,296
Infrastructure	2,430,549	2,396,224
Equipment	466,288	466,288
Five Islands wharf	<u>343,512</u>	<u>343,512</u>
TOTALS	<u>\$ 5,474,494</u>	<u>\$ 5,440,169</u>

Assets included here are the School, Transfer Station, Fire Department (Town owned Equipment only), new infrastructure, and the Five Islands Wharf. These items were placed on the books at historical costs (as best could be determined) and are/will be depreciated over their estimated useful lives. A breakdown of all assets listed above is available at the Town Office.

The Town adopted a policy of capturing any capital expenditure in excess of \$10,000. Several items under that amount were capitalized in conjunction with others items (i.e. all costs associated with the “new” transfer station were reviewed regardless of their amount to get a true total cost of the project). These items will be looked at yearly and added to the Capital Asset Schedule as appropriate. Total additions to capital assets of the year ended June 30, 2013 was \$34,325. This was work done on the Transfer Station road.

We still have a couple years to pay off the loans for the road projects begun in 2009. Once that is completed, additional funds will be utilized for capital expenditures on the roads.

Long-Term Debt

In 2009, the Town borrowed \$352,000 from Bath Savings Institution for the purpose of funding road projects. The Town made principal payments of \$70,400 against this note in the current year.

In 2011, the Town borrowed \$511,150 from Northeast Bank for the purpose of funding road projects. The Town made principal payments of \$131,743 against this note in the current year.

In 2012, the Town borrowed \$50,000 from the First N.A. Bank for a new school boiler. The Town made principal payments of \$7,237 against this note in the current year.

In the current year, the Town borrowed \$477,000 from Bath Savings Institution for the purpose of funding road projects. The Town made principal payments of \$115,845 against this note in the current year. The total balance outstanding on Town debt at year end was \$542,675.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The annual budget assures the efficient, effective and economic use of Town resources. Through the budget process, the citizenry, at Town Meeting, sets the direction of the Town, allocating its resources and establishing its priorities.

The state continues to make unfunded and / or underfunded mandates and to shirk its duty regarding funding of our school. Our tuition dollars continue to dwindle as Arrowsic students’ transition out of our school. The county budget, although down for 2013-14 is sure to rise again with the uncertainty of the jail and its debt. We continue to maintain a healthy undesignated fund balance and utilize it yearly to help defray the fluctuation in the mil rate.

CONTACTING THE TOWN'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and creditors with a general overview of the Town's finances and to show the Town's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Town Office at (207) 371-2820 and ask for the Town Treasurer. Citizens are welcomed to visit with the appropriate staff on any financial matters.

Town of Georgetown, Maine

As of June 30, 2013

Total Fund Balances - Governmental Funds	\$	1,489,266
---	----	-----------

Amounts reported for governmental activities in the Statement of Net Position is different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in governmental funds. The cost of capital assets, net of accumulated depreciation is:

3,463,394

Property tax revenues are presented on the modified accrual basis of accounting in the governmental funds but in the Statement of Activities, property tax revenue is reported under the accrual method. The balance in deferred property tax revenue in the governmental funds as a liability is:

98,000

Long-term liabilities are not due and payable in the current period and therefore are not reported as liabilities in the funds.

Long-term and related liabilities at year-end consist of:

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities

Town of Georgetown, Maine

As of June 30, 2013

Net Change in Fund Balances - Total Governmental Funds \$ 393,489

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital asset additions differed from depreciation expense in the current period:

Capital asset additions	\$ 34,325	
Depreciation expense	<u>(160,343)</u>	(126,018)

Property tax revenues are presented on the modified accrual basis of accounting in the governmental funds but in the Statement of Activities, property tax revenue is reported under the accrual method. The current year change in deferred property tax revenue reported in the governmental funds and not in the Statement of Activities is: 11,000

Note proceeds provide current resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. This is the amount by which proceeds from borrowing differed from debt repayments in the current period:

Proceeds from borrowing	\$ (477,000)	
Principal portion of debt payments	<u>325,225</u>	(151,775)

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.

Notes to Financial Statements

Town of Georgetown, Maine

Note A - Summary of Significant Accounting Policies

The Town of Georgetown, Maine (the "Town") was incorporated under the laws of the State of Maine and operates under a Selectboard form of government. The accounting policies of the Town conform to generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. The more significant accounting policies established in GAAP and used by the Town are discussed below.

Principles Determining Scope of Reporting Entity

The basic financial statements include the accounts of all Town operations. The criteria for including organizations as component units within the Town's reporting entity, as set forth in GAAP include whether:

- the organization is legally separate (can sue and be sued in their own name)
- the Town holds the corporate powers of the organization
- the Town appoints a voting majority of the organization's board
- the Town is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the Town
- there is fiscal dependency by the organization on the Town

Based on the aforementioned criteria, the Town of Georgetown has no component units.

Basis of Presentation

Government-wide Financial Statements

The statement of net position and statement of activities report information about the reporting government as a whole. They include all funds of the reporting entity. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business type activities, which rely to a significant extent on fees and charges for services for support. Currently the Town has no business-type activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The Town does not allocate indirect expenses to functions in the statement of activities. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

Notes to Financial Statements

Town of Georgetown, Maine

Note A - Summary of Significant Accounting Policies - Continued

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the Government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which are considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self balancing accounts, which constitute its assets, liabilities, fund equity, revenues, and expenditures.

Governmental Activities

Governmental funds are identified as either general, special revenue, capital projects, or permanent funds based upon the following guidelines.

The *General Fund* is the operating fund of the Town and is always classified as a major fund. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds are used to account for the proceeds of specific sources (other than major capital projects or expendable trusts) that are legally restricted to expenditures for specified purposes.

Permanent Funds are used to account for resources legally held in trust. All resources of the fund, including any earnings on invested resources, may be used to support the organization as stipulated by the specific trust instrument.

Fiduciary Funds (not included in Government-wide statements)

The Town's fiduciary funds are presented in the fiduciary fund statements by type. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the Town, these funds are not incorporated into the Government-wide statements.

Agency funds are used to account for assets held by the Town as an agent for individuals, private organizations, and/or other government units.

Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting is related to the timing of the measurements made, regardless of the measurement focus applied.

Basis of Accounting - Continued

Accrual

Governmental activities in the government-wide financial statements and the fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

Modified Accrual

Governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt is recognized when due.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Town considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents.

Inventories

Inventories consist of the School Lunch Program and are recorded at cost on a first-in, first-out basis. Inventories of supplies are considered to be expenditures at the time of purchase.

Capital Assets

In the government-wide financial statements, capital assets purchased or acquired with an original cost of \$10,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. In accordance with provisions of GASB #34, the Town has elected not to report infrastructure assets retrospectively. Infrastructure assets (primarily roads) will be reported on a prospective basis only.

Depreciation on all assets is provided on the straight-line method.

Estimated useful lives are as follows: land improvements, 10 years; buildings and improvements, 20 to 40 years; infrastructure, 40 to 50 years; equipment, 5 to 15 years; and assets included with the Five Islands Wharf, 5 to 20 years.

In the fund financial statements, fixed assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Fixed assets are not capitalized and related depreciation is not reported in the fund financial statements.

Note A - Summary of Significant Accounting Policies - Continued

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Interfund Activity

Interfund activity is reported as either loans, reimbursements, or transfers. Loans are reported as interfund loan receivables and payables as appropriate and are subject to elimination upon consolidation in the government-wide presentation. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related costs as a reimbursement. Since not all funds maintain a separate cash account, cash is pooled in the General Fund cash account and activity for individual funds are recorded through the General Fund and each respective individual fund through the recognition of a "due to/due from" as appropriate. The due to/from other funds balances are subject to elimination upon consolidation in the government-wide presentation. All interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

Budget

The Town of Georgetown's policy is to adopt an annual budget for operations. The budget is presented on the modified accrual basis of accounting, which is consistent with generally accepted accounting principles. The following procedures are followed in establishing budgetary data reflected in the financial statements:

- Early in the second half of the last fiscal year the Town prepared a budget for this fiscal year beginning July 1. The operating budget includes proposed expenditures and the means of financing them.
- A vote of the inhabitants of the Town of Georgetown was then taken for the purpose of adopting the proposed budget after public notice of the vote was given.
- The budget was adopted subsequent to passage by the inhabitants of the Town.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Revenue Recognition - Property Taxes

The Town's property tax for the current year was levied October 9, 2012, on the assessed value listed as of April 1, 2012, for all real property located in the Town. Taxes were due December 10, 2012. Interest on unpaid taxes commenced on December 11, 2012, at 7% per annum.

Property tax revenues are recognized when they become available. Available includes those property tax receivables expected to be collected within sixty days after year end. The remaining receivables have been recorded as deferred revenues.

The Town is permitted by the laws of the State of Maine to levy taxes up to 105% of its net budgeted expenditures for the related fiscal period. The amount raised in excess of 100% is referred to as overlay, and amounted to \$85,718 for the year ended June 30, 2013.

Tax liens are placed on real property within twelve months following the tax commitment date if taxes are delinquent. The Town has the authority to foreclose on property eighteen months after the filing of the lien if tax liens and associated costs remain unpaid.

Government-wide Fund Net Position

Government-wide net position is divided into three components:

Invested in capital assets, net of related debt - consist of the historical cost of capital assets less accumulated depreciation and less any debt that remains outstanding that was used to finance those assets.

Restricted net position - consist of net assets that are restricted by the Town's creditors (for example, through debt covenants), by the state enabling legislation (through restrictions on shared revenues), by grantors (both federal and state), and by other contributors.

Unrestricted - All other net asset positions are reported in this category.

Governmental Fund Balances

In the governmental fund financial statements, fund balances are classified as follows:

Nonspendable – resources which cannot be spent because they are either a) not in spendable form or; b) legally or contractually required to be maintained intact.

Notes to Financial Statements – Continued

Town of Georgetown, Maine

Note A - Summary of Significant Accounting Policies - Continued

Governmental Fund Balances - Continued

Restricted – resources with constraints placed on use of resources are either a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Committed – resources which are subject to limitations the government imposes upon itself at its highest level of design making, and that remain binding unless removed in the same manner.

Assigned – resources neither restricted or committed for which a government has a stated intended use as established by Town Selectboard or a body or official to which the Town Selectboard has delegated authority to assign amounts for specific purposes.

Unassigned – resources which cannot be properly classified in one of the other four categories. The General Fund should be the only fund that reports a positive unassigned fund balance amount.

Use of Restricted Resources

The Town has no formal fund balance policy. For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first, followed in order by committed fund balance, assigned fund balance and lastly unassigned fund balance.

New Accounting Pronouncement

During the year ended June 30, 2013, the Town implemented Governmental Accounting Standards Board Statement (GASBS) No. 63 *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Asset Position*. Balances reported in net asset position were not changed with the implementation of the new standard.

Note B - Cash

The Town conducts all its banking transactions with its depository banks.

Custodial Credit Risk - Deposits

At June 30, 2013, the carrying amount of the Town's deposits was \$1,717,297, and the bank balance was \$1,737,634. The difference between these balances relates to deposits in transit, outstanding checks and cash on hand at year-end.

Notes to Financial Statements – Continued

Town of Georgetown, Maine

Note B – Cash – Continued

Custodial Credit Risk - Deposits - Continued

Custodial credit risk is the risk that in the event of a bank failure, the Town's deposits may not be returned to it. The Town does not have a deposit policy on custodial credit risk. At June 30, 2013, \$473,598 of the Town's bank balance of \$1,737,634 was exposed to credit risk as follows:

Uncollateralized	<u>\$ 1,015</u>
Collateralized with securities held by the pledging financial institution	<u>\$ 472,583</u>

Certificates of Deposit

Certificates of deposits totaling \$759,110 are included in cash in the accompanying financial statements. The certificates bear interest at varying rates and have maturities ranging between nine months and one year, with penalties for early withdrawal. Any penalties for early withdrawal would not have a material effect on the financial statements.

Note G - Compensated Absences

Under the terms of personnel policies, vacation and sick leave are granted in varying amounts. Accumulated unused sick leave is not payable upon separation and therefore is not included as part of compensated absences. The Town accrues unpaid vacation when earned (or estimated to be earned) by the employee.

Town of Georgetown, Maine

Note H - Pension Plan

Teacher Group - Description of the Plan - All school teachers, plus other qualified educators, participate in the System's teacher group. The teachers' group is a cost sharing plan with a special funding situation, established by the Maine State legislature. The System provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. The authority to establish and amend benefit provisions rests with the State legislature. The System issues a publicly available financial report that includes financial statements and required supplementary information for the Teacher's Group. A complete report may be obtained by contacting the Maine Public Employees Retirement System at 46 State House Station, Augusta, ME 04333.

Funding Policy - Plan members are required to contribute 7.65% of their compensation to the retirement system. The State of Maine Department of Education is required, by the same statute, to contribute the employer contribution which amounted to \$129,974 (16.33%) for the year ended June 30, 2013. The amount has been reported as an intergovernmental revenue and education expenditure in the GAAP-basis financial statements.

Note I - Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets, errors and omissions; and natural disasters for which the Town either carries commercial insurance, or is effectively self-insured. Currently, the Town carries commercial insurance for any risks of loss to which it may be exposed.

Based on the coverage provided by commercial insurance purchased, the Town is not aware of any material actual or potential claim liabilities, which should be recorded at June 30, 2013.
