Building a Home Disaster Supply Kit (Source: Ready.gov)

- 3-day supply of nonperishable food that does not require cooking
- 3-day supply of water (1 gallon of water per person, per day)
- Battery-powered or hand crank radio and a NOAA Weather Radio with tone alert and extra batteries for both
- Flashlight with extra batteries
- First aid kit
- Whistle to signal for help
- Dust mask, to help filter contaminated air and plastic sheeting and duct tape to shelter-in-place
- Moist towelettes, garbage bags and plastic ties for personal sanitation
- Wrench or pliers to turn off utilities
- Can opener for food (if kit contains canned food)
- Local maps

What to include in a home First Aid Kit (Source: American Red Cross)

- 2 absorbent compress dressings (5 x 9 inches)
- 25 adhesive bandages (assorted sizes)
- 1 adhesive cloth tape (10 yards x 1 inch)
- 5 antibiotic ointment packets (approximately 1 gram)
- 5 antiseptic wipe packets
- 2 packets of aspirin (81 mg each)
- 1 emergency blanket
- 1 breathing barrier (with one-way valve)
- 1 instant cold compress
- 2 pair of non-latex gloves (size: large)

- 2 hydrocortisone ointment packets (approximately 1 gram each)
- 1 3 in. gauze roll (roller) bandage
- 1 roller bandage (4 inches wide)
- 5 3 in. x 3 in. sterile gauze pads
- 5 sterile gauze pads (4 x 4 inches)
- Oral thermometer (non-mercury/non-glass)
- 2 triangular bandages
- Tweezers
- Emergency First Aid guide

Additional Emergency Supplies (Source: Ready.gov)

- Prescription medications and glasses
- Infant formula and diapers
- Pet food and extra water for your pet
- Important family documents such as copies of insurance policies,
- Identification and bank account records in a waterproof, portable container
- Cash and credit cards
- Sleeping bag or warm blanket for each person
- Complete change of clothing
- Household chlorine bleach and medicine dropper – When diluted 9 parts water to 1-part bleach, bleach can be used as a disinfectant.
- In an emergency, you can treat water by adding 16 drops of regular household liquid bleach per gallon of water. Do not use scented, color safe or bleaches with added cleaners.
- Fire extinguisher
- Matches in a waterproof container
- Feminine supplies and personal hygiene items
- Mess kits, paper cups, plates and plastic utensils, paper towels
- Paper and pencil
- Books, games, puzzles or other activities for children

POWER OUTAGES

- Keep the following items on hand to prepare for a power outage lasting longer than two hours:
 - One or more coolers and ice to preserve food (inexpensive Styrofoam coolers work well)
 - Digital quick response thermometer to check food temps for safe use
 - Flashlight and batteries (**Do not use candles during a power outage due to the extreme risk of fire**).
- If you have an emergency generator:
 - Place generators outdoors in the fresh air
 - Ensure the generator is at least 15 feet away from home windows or doors
 - Make a plan for how to keep your generator dry and protected from ice and snow so you are not tempted to bring it inside a garage or other enclosed structure.
 - Generators also pose a risk of shock and electrocution, especially in wet conditions. Dry your hands before touching a generator.

GEORGETOWN EMERGENCY OPERATION PLAN

- The Georgetown Emergency Operations Plan contains information about how the town will respond to emergency events. The plan outlines roles for town officials, specifies emergency shelter locations, and provides additional relevant information.
- The plan is available online at www.georgetownme.com/?page_id=72
